Box Size	1750(L), 850(W), 200(H)

Advantages

1. *Unlike most swim platforms on the market, we use an 6mm semi-clear Acrylic platform to reduce the risk of drownings if a swimmer were to swim under the platform.*
2. *Slip-resistant treatment applied to the surface of the Acrylic.*
3. *Wheels as standard for ease of manouverability.*
4. *Your swim platform will be custom designed with your height specifications of you pool depth and needs.*
5. *Easy to assemble.*
6. *Installation options available.*
7. *Full custom designs available on request.*
